## Posts

A higher rigidity profiled post, for medium to high security applications, at an excellent price-quality ratio.

## BENEFITS

With the Bekafix Ultra post, all the benefits of the standard Bekafix post are kept, but by increasing the inertia considerably, its application range has become much wider.

- Quick installation
- Concrete plates maintained directly in between the posts, without any plate holders
- Same accessories as the standard Bekafix posts, except for the metallic fixators
- 10 Years warranty in Extreme conditions

## Profile

- Tubular post, profiled in "H" shape, cross section of the post: 70 x 44 mm, plate thickness: 1.75 mm
- With central holes every 15 cm, for fixing of the special metal security clips with bolts
- With side punched holes for positioning and fixing of the panels by means of fixing clips
- I/V: 7.29 cm<sup>3</sup> | Yield strength: 550 MPa | Relative strength Bekafix Ultra : 401 compared to 132 for Bekafix posts
- Post cap with hook to hang panels for ease of installation.

## Accessories (same as Bekafix Standard post)

- Fixing system: plastic coated metal clip with, as an option, one-way security bolt
- Bekafix installation plier
- Spider fixing for installation of Securifor panels
- Base plate for installation on tiles or concrete floor
- Connection piece to create bent arm for panels or extension
- Single or double bent arms for Bekafix range

## Coating technique

Magnelis®: inside and outside and polyester coated (minimum 100 microns).

## Colors

Green RAL 6005, Black RAL 9005, Anthracite RAL 7016 and White RAL 9010  
Other colors are available on request.

### BEKAFIX® ULTRA POSTS
